

Dear All,

As I have now landed in Cold Denmark again, it warms my heart to think back on Kolkata. I think about all the team members who every day strives to do their very best and encourage and empower the people we work with.

I think about the girl, who is no longer locked up every month because of her period, due to our awareness raising. I think about the woman who took her husband out for dinner for the first time after starting to earn money as a beautician.

I think about the boy who shares about all the Bengali he is learning at the Community Centers. All these stories bring so much comfort, and I am so grateful to be a part of this work with you. I believe great things ahead for LittleBigHelp and all of us as well. With that in mind I want to wish you all a Happy New Year.

All the best,
Rachel
