

## Menstrual Hygiene Day Observation

LittleBigHelp observed Menstrual Hygiene Day on 28th May with adolescent girls to emphasize that menstruation is not a taboo but a natural process. The session highlighted menstrual hygiene as a necessary right essential for every girl's health, dignity, and well-being.

## Skills Development

Before starting the skills development training, a screening meeting with trainees is essential to understand their current standpoint, commitment to completing the training, and future aspirations. Here, our team member Lydia is facilitating one such insightful screening session at Mourigram.

## Joyful Learning

The Joyful Learning session is a vital part of the educational experience for all children attending Community Centres and hostels. On 20th and 21st May 2025, Malini, our Education Project Officer, conducted a training for all team members associated with the Community Centres, where everyone participated wholeheartedly to make learning more engaging and meaningful for children.
