

Dear All,

The winter months gradually faded and spring entered fullfledged, the spread rate of the deadly virus was minimized and so after almost two years, life is back again in the previous rhythm. The schools are open, both primary and secondary schools. Children from our residential homes enjoyed their time in school. Children come to our community centers regularly with full strength. 6 months of skill development training in basic tailoring came to an end. The trainees learned a new skill badge in their life which will help them to broaden their avenues of earning

Best Regards,
